Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Monday 13 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy, damp overnight. Further rain Tuesday, perhaps heavy in south.

This Evening and Tonight:
Largely cloudy with outbreaks of mostly light rain or drizzle spreading east overnight, likely becoming persistent across parts of the Pennines with hill fog. Some eastern parts staying dry. Light winds. Minimum temperature 10 deg C (50 deg F).

Tuesday:
Cloudy with outbreaks of light rain, but also some drier intervals. Occasionally heavy and persistent rain potentially moving into southern parts during the afternoon. Turning drier from the north later. Maximum temperature 17 deg C (63 deg F).

Outlook for Wednesday to Friday:
A damp start but improving picture on Wednesday as rain clears. Remaining dry through Thursday, with some brighter spells. Rain arriving from the west overnight into Friday, becoming breezier.
